8 September 1954

MEMORANDUM FOR: SR/COP

SUBJECT : Message No. 9 to CAMBARO/2

As the text of the message itself indicates, this message is transmitted to CAMBARO/2 on the strength that he may not possibly have been able to leave Riga on the 10th of September as he had planned; it is also possible that he has been able to recruit a W/T operator with whom he has left his pads, ciphers, and cover plan. The message is specifically designed to prevent irresponsible and rash action on the part of CAMBARO/2's (or [] 's) recruits who may feel that they are in a position to act rather boldly now that their two stabilizing elements have departed. The entire message embodies in it our long range objectives for the recruited assets and is written in a tone indicative of future messages to these people.
